

iseek Intelligent Answers

In today’s era of AI-powered search engines, **iseek Intelligent Answers™** is redefining how organizations access and utilize their internal content.

iseek Intelligent Answers is a conversational AI-powered search tool that transforms the way you interact with your organization’s knowledge base. Now you can ask questions naturally—as if you were speaking with a trusted colleague—and get a detailed summary of results in an instant.

An extension of the isek.ai™ search platform, Intelligent Answers leverages isek Intelligent Agents™ to search and analyze your entire content database and extract the most relevant insights. It presents the results in an easy-to-understand format, complete with citations so you can validate sources with ease.

Intelligent Answers at a Glance

- Delivers results in clear, understandable language
- Includes citations hyperlinked to source material
- Provides comprehensive topic overviews
- Synthesizes material from multiple internal sources
- Understands the intent behind queries, not just keywords

Key Benefits

- **No Hallucinations:** isek Intelligent Answers draws from your organization’s content, ensuring the answers you receive are always grounded in your resources.
- **Content Safeguarding:** Because isek Intelligent Answers is powered by a private, secure LLM, your content remains internal, with no exposure to the public internet.
- **Verifiable Accuracy:** Results clearly identify information derived from your own content, so you can trust that answers are reliable.

The Next Step in Knowledge Management

For over 15 years, isek.ai has empowered organizations with AI-driven search solutions to unlock insights from internal resources with unmatched efficiency and precision. isek Intelligent Answers enhances the traditional isek.ai interface by delivering direct, conversational answers to your questions.

Intelligent Answers is the Perfect Solution When You:

Want to harness expertise from multiple internal sources

Are seeking a quick, direct response to a specific question

Need to validate proof points that support a position

Are exploring a new subject and need a broad overview

Our Technology

Our advanced knowledge discovery engine employs leading-edge AI and Natural Language Understanding (NLU) to comprehend complex relationships between concepts and content. The iseek.ai platform ingests, transforms, normalizes, and optimizes information from disparate media and filetypes, parsing both structured and unstructured data. Incorporating Retrieval Augmented Generation (RAG) technology enhanced with proprietary process refinements, we deliver unparalleled precision in information recall.

Licensing Options

Intelligent Answers is available with **iseek Enterprise™**, **iseek Professional & Higher Education™**, and **iseek Campus™** subscriptions. For packaging and pricing details, contact our sales team.
